Section 508 Standards

⊕ about this section

Parts of the Section 508 reports use manual data where compliance cannot be determined programmatically. View/Edit manual data here.

Checkpoint	Description	Pass Rating
(ref)	**HHS Reference Source Files Report** All source files (aka, documents) that are embedded on or linked from a page, must comply with 1194.22, or a link to an equivalent compliant file must be provided for each non-compliant file.	100.0%
(aH)	**Text Tags Report** A text equivalent for every non-text element shall be provided (e.g., via "alt", "longdesc", or in element content).	100.0%
(bH)	**HHS Multimedia Files Custom Report** Equivalent alternatives for any multimedia presentation shall be	100.0%

synchronized with the presentation.

(cH) Manual 100% complete — HHS Color Custom Report
Web pages shall be designed so that all information conveyed with color is also available without color, for example from context or markup.

100.0%

0 — 100

(dH) Manual 0% complete — HHS Readability Custom Report
Documents shall be organized so they are readable without requiring an associated style sheet.

82.2%

0 — 100

(e) Server-Side Image Maps Report
Redundant text links shall be provided for each active region of a server-side image map.

100.0%

0 — 100

(f) Client-Side Image Maps Report
Client-side image maps shall be provided instead of server-side image maps except where the regions cannot be defined with an available geometric shape.

(gH) Manual 100% complete — HHS Table Headers Custom Report
Row and column headers shall be identified for data tables.

100.0%

0 — 100

(hH) HHS Complex Tables Custom Report
This report excludes tables used only for presentation purposes. These tables are identified by searching for standard text in the "summary" field in the HTML code. The standard text is user definable. However, default values are 'layout', 'presentation', 'display' and 'formatting'

100.0%

0 — 100

(iH) HHS Frames Custom Report
Frames shall be titled with text that facilitates frame identification and navigation.

100%

0 — 100

(jH) Manual 100% complete — HHS Flicker Rate Custom Report
Pages shall be designed to avoid causing the screen to flicker with a

100.0%

0 — 100

frequency greater than 2 Hz and
lower than 55 Hz. Pages including
'blink' and 'marquee' tags are also
identified.

(kH)   HHS Text-Only Alternative Custom
              Report   Rating not available
              FOR INFORMATION ONLY
              A text-only page, with equivalent
              information or functionality, shall be
              provided to make a web site comply
              with the provisions of these
              standards, when compliance cannot
   be accomplished in any other way.

(lH) Manual   HHS Javascript Custom Report   50.0%
      0%   When pages utilize scripting
      complete languages to display content, or to
              create interface elements, the   0   100
              information provided by the script
              shall be identified with functional text
              that can be read by assistive
              technology. Lists pages which
              include in-line JavaScript or call JS
              files.

(mH)   HHS Applets and Plug-Ins Custom   100.0%
              Report
              When a web page requires that an   0   100
              applet, plug-in or other application
              be present on the client system to
              interpret page content, the page
              must provide a link to a plug-in or
              applet that complies with 1194.21(a)
              through (l). Lists all pages with
              applets or other plug-ins or links to
              source or media files. These must
              be checked manually for
              compliance.

(nH) Manual   HHS Electronic Forms Custom   98.7%
      0%   Report
      complete When electronic forms are designed   0   100
              to be completed on-line, the form
              shall allow people using assistive
              technology to access the
              information, field elements, and
              functionality required for completion
   and submission of the form,

including all directions and cues.

(oH) Manual 100% complete — HHS Navigation Links Custom Report

A method shall be provided that permits users to skip repetitive navigation links.

100.0%

0	100

(pH) Manual 0% complete — HHS Time Delays Custom Report

When a timed response is required, the user shall be alerted and given sufficient time to indicate more time is required.
